Kawi Complex Auditorium - Nairobi

FUNDED BY

IN COLLABORATION WITH

GAK
Geothermal Association of Kenya

UNIONE
GEOTERMICA
ITALIANA

PROMOTED BY

The “**Italy-Kenya Business & Investment Forum on Geothermal**” by **UNIDO ITPO Italy** – the Italian Investment and Technology Promotion Office of the United Nations Industrial Development Organization – will take place on **Monday 27th March 2023 from 8:30 to 18:00** at the **Kawi Complex Auditorium** in **Nairobi, Kenya**.

Within the framework of the project “**Fostering International Partnerships between companies and/or institutions operating in the Energy and Environment sectors**” (#FIPEE) funded by the **Italian Ministry of Environment and Energy Security (MASE)**, the Forum is organized in collaboration with the **Ministry of Energy and Petroleum of Kenya**, the **Geothermal Association of Kenya (GAK)** and **Unione Geotermica Italiana (UGI)** as a part of UNIDO ITPO Italy’s mission to Kenya for an Italian business and institutional delegation in the geothermal sector.

This one-day Forum will foresee two main sessions:

- In the morning, the major Kenyan stakeholders in the field will deliver **technical presentations** about geothermal energy in Kenya, to provide the Italian delegation with a comprehensive overview of the sector illustrating its legal framework, main challenges and potential;
- In the afternoon, the Italian enterprises will introduce their innovative solutions and expertise to the Kenyan and international audience, paving the way for the following **networking and B2B session**, during which participants will have the opportunity to interact and discuss together opportunities for investment, business and collaborations.

Registrations to the Forum are free of charge and now **open until 22nd March 2023**.

Access to the event will only be allowed upon presentation to the registration desk at the Kawi Complex Auditorium of the confirmation email received from UNIDO ITPO Italy.
